ELITE HOOPS NJ

GIRLS BASKETBALL TEAMS

At Elite Hoops, we focus on providing all players who want an opportunity to play competitive basketball in a positive, low-stress, and healthy environment to be a part of a competitive basketball team.

Teams will be entered into 3 to 4-weekend tournaments in the Spring and placed appropriately based on skill level. The focus at Elite Hoops is not on winning but on developing the skills required to play competitive basketball both physically and mentally and learning to be part of a team. Each team will have a maximum of 10 players

How do I know if Club Teams are the right place for my child?

Club teams provide a competitive team experience to play competitive basketball games outside of a rec league environment. Focus less on skill level, and more on desire and passion to develop and compete and be part of a competitive team.
