

Do you know about the [Audubon Education Foundation](#)? We have been raising funds and supporting academic extras in classrooms since 2007 and have distributed \$145,000 in grants over our 17 years, but our membership is currently so low, we need help to keep going.

WE NEED YOUR SUPPORT

2023 GRANTS:

Breakfast rewards HAS students

Plant experiments at AHS

Fall 2024: Garden at Haviland

You'll never join a less demanding group. We meet in AHS library on 2nd Mondays at 7:00 from September to May to review teacher grant proposals and plan fundraisers, typically 2 a year. We need many hands for fundraisers. Teachers have been major supporters through payroll deductions and grant proposals. Join and help us support our students and teachers across preK-12. For more info, visit the District website under "Community" or contact Peggy at 609-828-3595 or at bpslack@comcast.net.
